FROM WASHINGTON.

The President's Tour---The Test Oath--Radical Designs at the Elections---Troops Offered by Illinois to the Missouri Radicals---The Programme of the Philadelphia Mulatto Convention---Negro Suffrage the Basis of the Radical Policy---The Removals Progressing.

(Correspondence of the Richmond Examiner.)

WASHINGTON, Aug. 25.

The President's movements attract much attention. His tour to the Northern, Middle and Western States, accompanied, as he will be, by members of the Cabinet, General Grant, and scores of influential personal and political friends, will be full of interest. His progress will awaken the latent enthusiasm of the masses of the people, who eagerly await the restoration of peace, tranquility and prosperity, such as was enjoyed in former times. The people have now discovered that the Radicals cannot "save the Union," though that was their object in supporting the war. They will take the Union-saving machinery into their own hands. They know that they can save it simply by acting upon the principles of the late National Union Convention.

The Radicals know that they are beaten, and hence in their desperation they threaten another war. They propose to commence the war in Missouri. Half a dozen of the leading Radical organs have already suggested this as their best resort. The Conservatives of Missouri have demanded protection from the Executive Government in the exercise of their rights as citizens at the polls. Senator Henderson, of Missouri, admitted, in one of his speeches of the late session, that more than half of the loyal voters of Missouri a. excluded by the test oath. So it is with Tennessee at this moment. It will be so with Maryland, unless Governor Swann's measures prevent it.

The Radicals expect to provoke a conflict of arms at these elections. The President will not, of course, give them the aid of the United States military force, and he and General Grant are happily in accord. The military power will be used by the President rather for the protection of citizens than for their oppression. The Radical organs say that he seeks to avoid the issue presented by the Missouri Conservatives. He will more probably meet it when it shall arise. General Frank Blair has expressed his believe that the election in Missouri will be attended with violence unless the Radical usurpation can be frowned down by the Government.

Governor Oglesby, in a recent speech, has pledged Illinois to furnish two hundred thousand troops to be employed in supporting the Radicals in Missouri, or in any other State where they may need such aid to maintain their despotic sway. All the Radical authorities will promise the same.

Remarkable developments are made of the Radical policy for the future, in case of its success at the fall elections.

The Southern Radicals, in their Convention to be held on the 3d promix in Philadelphia, will dictate the mode in which the Southern States shall, in future, be governed by Congress. The Northern Radical delegations that may attend the meeting, will embrace and recommend their scheme. It is already divulged that the plan recommended will be to reduce the Southern seceded States, except Tennessee, to territorial dependencies, and hold them subject to the legislation of Congress for an indefinite time. The Radical leaders and organs have expressed their indignation at the fifth resolution of the Philadelphia Convention, which declares that legislation in regard to the right of suffrage belongs only to the States themselves. In opposition to this, they now avow the purpose of forcing negro suffrage upon all the States and Territories. They only deferred this measure for the reason that the Northern mind was not yet quite prepared for it. While announcing the principle and declaring the purpose to act upon it, they admitted that it was impolitic to make it an issue at the coming elections in Pennsylvania and some other States. It is to be the corner stone of the Radical policy, if, indeed, they succeed in securing the next Congress.

It is believed here that the Southern Radical Convention will recommend the impeachment and removal of the President. This is quite probable. Their Northern assistants will require it, and will make it a pretext for a measure already determined upon. The President is steadily, and as rapidly as convenient, making removals and appointments. The system of removal is adopted. Postmaster General Randall and Secretary McCulloch are carrying it out. The military changes are in the conservative interest, as, for instance, the assignment of General Tillson to the post of Commissioner of the Freedmen's Bureau, instead of General Howard. The Radicals have found out that the President will look closely after the administration of the Bureau.

KAPPA.

New life has been imparted to business operations by the prospect now afforded by the proceedings of the National Union Convention, and the President's proclamation of sincere confidence in the future prospects of the country, under conservative counsels, will invigorate industry and enterprise. Commerce between the South and the North will be restored to its former activity, and its field of operations will be enlarged. The product of cereals in the West and of cotton in the South promises well for active business the coming autumn. The heavy stock of goods now on the hands of importers and manufacturers will be in demand for Southern and Western consumption, and probably at lower prices.

If the wise suggestion of Secretary McCulloch, in his recent letter to a Boston Committee, be carried into practical effect by legislation, the further depreciation of Government credit and securities will be arrested, and a gradual advance towards a specie standard be secured. *National Intelligencer.*

A Southern lady has published a letter in which she expresses her mortification and chagrin at the number of people from the South who are daily to be found in New York soliciting subscriptions and contributions from the Yankees for all kinds of charitable purposes in the South. She says that if this continues, strangers will entertain the same idea of Southerners as travelers in Ireland do of the Irish.—We think the picture is overdrawn, but there is some truth in it.

PROSPECTUS.

This company owns by warranty title nearly fourteen thousand acres of mineral lands, situated in the counties of Chatham, Moore, Rockingham and Stokes, on the waters of Deep and Dan Rivers, in North Carolinia, which abound in plentiful deposits of coal, copper, iron, salt, and, there is every reason to believe from general and surface indications, petroleum or coal oil.

The services of two practical and efficient men, experienced in boring for oil, and stimulated by a long course of success in Venango county, Pennsylvania, were secured by the company several months since and they are now on the lands, with the requisite force, tools, steam engine and machinery, boring a well with very flattering prospects of success. The organization of this company effected some time since has now been perfected in legal form, by act of incorporation, with a capital of $500,000, divided into 100,000 shares of $5 each.

By reference to the valuable and laborious reports of Prof. Emmons, State Geologist, and Commodore Wilkes, U. S. Navy, every one interested will be enabled to judge of the value of the large area of territory secured by the North Carolina Petroleum and Mining Co.

It is well known that a superior article of bituminous coal is now being mined in the Deep river coal region, where a portion of the lands are situated, and this company owns property known to be equal if not superior to any on which shafts have been sunk. Copper, iron and salt also abound, and the attention of capitalists has already been directed to this section on account of its value for the above minerals.

Below are given a few extracts from the journals showing that there is no good reason why there should not be as large quantities of oil in the "Old North State" as in other States.

Oil has been struck in Overton county, Tennessee, on the north line of that State, about midway from its eastern border, eighteen miles from the Cumberland mountains.—*Christian (Richmond) Observer.*

OIL WELLS IN WEST VIRGINIA.—The Parkersburg *Times* gives an astonishing statement of the yield of wells in the region thereabout, consisting of Wood, Wirt, Ritchie and other counties, viz: Burning Springs, 2,500 barrels per day; White Oak, 1,500; Lick Run, 300; Horse Neck, 150; and of the several wells on Hughes river, 6,000 barrels per day. The quality is said to be remarkably fine. The *Times* considers the oil of West Virginia the best yet discovered.

THE OIL EXCITEMENT IN ILLINOIS.—The oil excitement in Clark county is still high. Some eight or ten derricks are up and at work. The deepest well is only 325 feet, with a fair yield of oil. Some of the other wells have struck oil and gas at from 70 to 100 feet.—Much time and money will be spent this summer in the thorough development of the oil resources of Clark county. Men of capital and experience seem confident that oil will be found in large quantities, and are willing to test their faith by a free expenditure in developing the lands. The first company who bored on the land of Hon. T. B. Young, are now engaged in trying to raise the auger which was lost last fall. The Eastern Illinois Company will begin work in a few days twelve miles southwest of the first well. The prospect in that locality is good.—*Chicago Tribune.*

It is known that after a few months boring in the vicinity of Lynchburg, a large vein of oil was struck and a productive well is now in successful operation. This is on the same line with, and about 80 miles from, the company's first well on Dan River, where the indications both general and particular are similar.

In order to have sufficient means to develop this valuable property in such a manner as to insure success, the Directors have authorized 10,000 shares of the capital stock to be sold to raise a working capital, and subscriptions for that number or any part thereof will be received.

An uncommonly favorable opportunity for investment is thus afforded, as those who choose to buy stock under this offer will have the advantage of an equal footing with the original corporators in an enterprise which, after the example of the immense profits realized in those of a similar character in other States, though in many respects on less favorable conditions than this, (compare the extent, cheapness and fee simple title of the basis of operations here offered gives reasonable assurance of the most lucrative results. In many instances in sections of less favorable oil localities, shares have advanced in a few days from $2 or $5 to $20 and even $50, and poor men who made small investments realized fortunes.

Further information may be had at the office of the company, one door north of the Court House, Greensboro, N. C., where books of subscription are now open.

By order of the Directors.

A. G. BRENIZER, Secretary.

IMPORTANT SALE

IN WILSON NORTH CAROLINA

THE undersigned, having been duly appointed and empowered by the stockholders of

WILSON FEMALE SEMINARY,

to make sale of that VALUABLE PROPERTY, including all the buildings, together with about Twelve and a fourth Acres of Land, will offer the same at public auction, *on the 14th day of September next.*

The Seminary is a large and commodious building, admirably arranged for school purposes, and contains a sufficient number of rooms to accommodate about TWO HUNDRED STUDENTS. The buildings are nearly new, having been erected in 1860, and are of every kind needed in a first class Seminary.

The Seminary is located on the Eastern boundary of the town of Wilson, below the Wilmington and Weldon Railroad, and on an elevated spot of ground, well shaded, and having excellent wells of water. The proverbial healthiness of the town of Wilson, (it being the highest point on the Wilmington and Weldon Railroad,) and the morality, intelligence and refinement of its citizens, make it one of the most desirable locations for a first class, Male or Female, Seminary in the State.

Of the 12¼ acres of land a sufficient quantity will be sold for school or other purposes, together with all the buildings formerly used by Seminary, and the balance of the land will be sold in lots, the size of which will be announced on the day of sale.

TERMS OF SALE.—One-fourth cash; on the balance a credit of six months will be given.

THE SENTINEL.

WM. E. PELL, SEATON GALES. } Editors.

Tuesday Evening, Aug. 28, 1866.

FOR THE CONSTITUTION OF THE UNITED STATES, AS IT IS, AND THE UNION AS IT WAS.
NO FURTHER AMENDMENTS.

FOR GOVERNOR.

JONATHAN WORTH,

OF RANDOLPH.

Inconsistency.

Mr. Holden, who has shown himself to be a *paragon* of consistency, is of course a very proper person to twit others and charge inconsistency upon them. The *Sentinel* stands to its position, both when it affirms that it would proscribe no one for his political opinions, and when it again asserts that the President should remove every office-holder who endorses and supports the Howard amendment and the Radical policy. Nor is there inconsistency in that course.

The issue involved in the contest between the President and the Radicals is not merely an issue of party politics. It is not whether this or that measure, this or that policy, is best for carrying out the principles of the Constitution and the legitimate ends of the Government. It is not whether this or that policy will best accomplish the purposes of the fathers of the Republic in its formation. Far from it. If this were the simple question involved, we should oppose altogether, and at all times, the removal of any honest, capable officer for opinion's sake.

But the question involved is not merely a political opinion; it is a *purpose* and a *design*, on the part of the Radicals, prompted by hatred to the Southern people and by the fanatical heresy of ultra-abolitionism, to change the character of our government, *radically* and *essentially*. They want a government different, materially, from that which the people of the States formed in 1787. They have been seeking the destruction of that government for more than thirty years. Their designs culminated in 1861, when they forced the Southern States to revolt. The revolution having failed, their object is still the same, to defeat utterly the purpose of the President, and the supporters of his policy, to maintain the Federal Union intact, and to preserve, as far as possible, the old government from change and ruin. This is the true issue. The Radicals, *alias* the "loyal Unionists," *alias* the "strait-sect," design to destroy the old government which the war forced upon the South failed to accomplish, and to give us a new government,—a consolidated central despotism, in which *all* the States shall be held as mere dependencies and governed by Congress.

This is the ground and the only ground upon which we urge the removal of every officer, who is hostile to the old government, or, which is the same thing, the President's policy, for the reason that we believe that they are the *real traitors* to the Constitution and to the Republic. We oppose the appointment to office of any and all men, whether North or South, who are opposed to the old government, the old Constitution as it is—who are hostile to the President's general policy; because *they are the traitors.*

THE RADICAL organ in this city exhibits its affinities as much by its selections as in its Editorial columns. A man is known by the company he keeps, and the Washington *Chronicle*, (Forney,) and the New York *Tribune*, (Greeley,) are the *cade mecums* of the Raleigh *Standard*.—In its last issue is copied an article from Greeley, in which the effort of the South to secure its just and rightful representation in the National Legislature is characterized as "sneaking into Congress, with patriot blood still dripping from their skirts." The *Standard* doubtless regards this as a happy figure of speech, now, though it cried out most lustily for the "patriot blood" aforesaid in 1861 and 1862. Rivers of it, at that day, would not have sufficed its sanguinary cravings. It would even have "the multitudinous seas incarnadined," as Shakspeare hath it. Then, however, it was vile Yankee blood; while now it is the blood of "martyred patriots."

THE RADICAL PRESS, North and South, don't like the Philadelphia Convention; don't like the Declaration of Principles or the Address; don't like the speech of Reverdy Johnson to the President, on the part of the Committee; and especially don't like the President's reply. This is all very easily explained. None of these things were expected or intended to please them. If they had done so, no one else would have been pleased. If the Radicals had not shown dissatisfaction, all loyal and conservative people would have concluded that there was something wrong. But if these Radicals would tell the truth, they would confess that it is not so much the proceedings, which they now ridicule and denounce, which disturbs them, as the fact demonstrated by that assemblage, that there is a public sentiment against them in every section of the country, from the Gulf of Mexico to the Canada line, which is growing stronger with each succeeding day, and which must soon involve their pestilent organization in irremediable ruin.

THE NEW YORK *Tribune* says that Fred. Douglas has been elected a delegate from Rochester to the "Loyal Southerners' Convention," to be held in Philadelphia on the 3rd. of next month, and that no objection will be made on account of his color. We wish the Henderson and Washington county Radicals joy of their company!

THE *Standard* defines Radicalism to be "*excessive loyalty!*"

FOR interesting matter, see first and fourth pages.

The October Elections.

On the 3rd Monday, the 18th day of October next, the elections for Governor of the State and members of the new Legislature will be held.—The new Constitution, which provided for the election of a Lieutenant Governor, having been rejected, that officer will not be voted for. A Governor and a new Legislature, under the old Constitution, will only be chosen.

So far as the public are advised, Gov. Worth is the only candidate before the people for the office of Governor. The unmistakable proofs of his popularity, and the general manifestation of the public confidence and approval of his administration, give positive assurance of his triumphant re-election.

We have learned, within a few days, that Gen. *G. W. Logan*, of Rutherford County, is the opposition candidate. He is known to be a decided Holdenite and Radical, but an effort will be made to run him as the *par excellence* Western candidate, upon the *white basis* platform. All reasonable and sound-minded men cannot hesitate for a moment which of the two to choose. The really *loyal* men in the State, who support the Constitution as it is, and who endorse President Johnson's policy, will not risk the *great issue* of the present campaign for any merely sectional State issue, yet the liberal and sound views of State policy held by Gov. Worth will not be unacceptable, in the present state of our affairs, to the people of any portion of the State.

The time has fully arrived, when the friends of President Johnson's policy and of Governor Worth should at once hold County meetings and nominate their best, most reliable and able men for the next Legislature. There should be immediate organization in every County in the State, and a full corps of unmistakably Johnson-Worth candidates brought out. Let no timidity, no time-serving policy, no local interests, prevent the bringing out of the right men for the Legislature at once. Where candidates have already announced themselves, as is the case in some instances, who are of the right stamp, let them be endorsed by the friends of the President and of Gov. Worth.

"It is pretty clearly ascertained that the amended constitution has not been ratified by the people; the old constitution, therefore, remains in full force. Under the constitution, then, our State elections should have been held first Thursday; as they were not, we presume the Governor will have to issue his proclamation, designating a day. Had the amended constitution been ratified, the election would have come off in October."—*Goldsboro' News.*

Our cotemporary is mistaken. All the ordinances and acts of the late Convention, which incorporated new matter into the Constitution recently rejected by the people, fail. But all ordinances or acts, adopted by that body, which have been heretofore ratified by the people, form a part of the Constitution of the State and are in force; as, also, all those ordinances or acts adopted by the Convention, but which have not been submitted to the people for ratification, are the law of the State and in force. The ordinance, therefore, changing the time of the annual election for the present year, not having been submitted to the people, holds good, so that the election, as provided for, comes off in October.

THE Asheville *News* says that the last surrender this side the Mississippi was made by Col. James R. Love, on the 7th. day of May, 1865. It says:

"It is a fact which impartial history will record, that Col. James R. Love, with his little veteran band, fought the last battle for the "lost cause" that was made on this side "the great father of waters." This battle took place at Mill Creek, in McDowell county, in this State, on the 17th. April, 1865, and was a success to the Confederates,—delaying Gen. Gillam who had "as many thousands as Col. Love had hundreds," and causing the enemy to take another route to Asheville, then the Headquarters of the Military District, known as the "Western District of N. C." Subsequent to this, however, Col. Love had a skirmish with Col. W. C. Bartlett, commanding U. S. forces in Haywood county, on the 6th. of May 1865, and negotiated terms favorable not only to his own command, but to the citizens of the District, in the surrender on the day following, at "Allman's mill," which terms were confirmed by Brig. Gen. J. G. Martin and Col. W. H. Thomas. This was the last regular surrender this side of the Mississippi river,—Gen. Dick Taylor surrendering on the 4th. of May 1865."

Programme of the Excursion---Parties to Accompany the President---The Route, &c., &c.

WASHINGTON, August 25.—At the Cabinet meeting to-day it was determined that it would be impolitic for more than three or four members of that body to accompany the President to Chicago. As now arranged, Mr. Seward, Mr. Welles, and Gov. Randall are the only members that are to be of the presidential party. Of the President's household only Senator Patterson and Mrs. Patterson will go. Mrs. Welles is the only lady of the family of the Secretary of the Navy that will be of the company.

It is not probable that any of Mr. Seward's family or the family of Governor Randall will go. The President has named but three persons as his guests, Besides these, above suggested, General Grant, Admiral Farragut and the other military and naval officers and their several wives, heretofore mentioned, make up the entire party.

At Philadelphia the party are to be entertained at the Continental, where they will remain from Tuesday afternoon until Wednesday morning. Leave at 8 o'clock, and arrive at noon in New York, putting up at Delmonico's.

A government boat will be provided at New York to convey the party to West Point, where a military review will take place, and a collation will be served. The party will then proceed to Albany, remaining all night at the Delavan House.

At Auburn, N. Y. Mr. Johnson will be the guest of Mr. Seward, the balance of the party being provided for by the citizens. Whilst here they will make an excursion on Lake Owasco. They will then proceed to Niagara Falls, and put up at the Cataract House, where they will remain during Sunday.

On Monday they go to Buffalo, where the Common Council and citizens will give a grand reception. Here delegations from Cleaveland and Toledo will meet the party and escort them to those cities, where receptions on a grand scale are in preparation. At Detroit the party put up at the Russell House, and will remain during the night of the 5th of September, and thence go to Chicago.

The Assassination Testimony---How it was Obtained.

The Washington correspondent of the New York *Herald* writes to that paper, under date of August 20th, as follows:

In a very few days, I have excellent authority for stating, the press will be called upon to announce the release from confinement of Mr. Davis, on parole or bail, to at all times render himself amenable to the process of the court, which, it is expected, will dispose of his case next October.

The conditional release of Mr. Davis is favored by the Attorney General, and, in fact, by every member of the Cabinet, excepting Stanton, and the latter is far less emphatic in his opposition since the exposure by the *Herald* of the radical conspiracy, and the publication of the correspondence between his friend and counterpart, Judge Advocate General Holt, and his man Friday, Sandford Conover, and the suborned witnesses. Perhaps another batch of the correspondence between these worthies will remove the honorable Secretary's objections altogether.

The following letter, addressed by Snevel, one of the suborned witnesses, to Sandford Conover, at Washington, will give the public some idea of the manner in which the national exchequer is robbed to further the unholy schemes of the Radicals and their pet Bureaus:

JOSEPH SNEVEL TO SANDFORD CONOVER.

WESTCHESTER HOUSE,
NEW YORK, Nov. 14, 1865.

Mr. Sandford Conover:

Dear Sir:—I have been looking for more than a week for the $500 draft promised me from you or the Judge, but have been disappointed. I don't think I have been treated exactly on the square, for Campbell has had more by nearly $1,000 than I have, and yet I stretched my conscience just as much as he did, and my testimony, as you and the Judge both said, was just as important as his. I don't like to find fault, but I like still less to beg or to borrow, as I am obliged to, from Campbell, when I ought to be just as well off as he. I don't mean to complain, for I know you have much to attend to, and can't do everything at once, but as all the rest have been better paid than myself, I ought not to be forgot. Please do not fail to send the draft by return mail, for you know this is an awful place to be without money, and your petitioner will ever paay.

Respectfully, yours,
JOSEPH SNEVEL.

The following letter by another of the suborned witnesses, aclerk in the Quartermaster's department, is written on the back of a quartermaster's order in blank for transportation from Baltimore over the Northern Central Railroad, and enclosed in official envelope marked, "Official business, Depot Quartermaster's office, Baltimore, Maryland":

QUARTERMASTER'S OFFICE, April 27, 1866,

Dear Conover—I received yesterday morning a letter from Campbell from New York, threatening to go beforo the Judiciary Committee and expose all that has been devised in the Davis case, and asking me to accompany him, as he and all who will, will get large sums from Jeff's friends for doing so. I started immediately for Washington and saw General Holt, and gave him Campbell's letter. The General assured me that he had known of Campbell's defection for some time and that you had written the chairman of the committee not to examine him, and that he himself had arranged to send a Judge Advocate to New York that evening to see you, with full instruction, and that you would no doubt be able to get the scamp in the traces again, or keep him away and let only such come before the committee as can be relied on. God grant that you can do so!

In order to be of some assistance in the business, I beg leave to introduce to you Mr. Mason, the bearer, of whom you have heard me often speak. He can give you some of Campbell's life, which if known to the District Attorney, would get him ten years in the State prison; and yoy may use them to frighten the traitor into loyalty again. Mason is quite a stranger in New York and I hope you may get him to show him the elephant.

Excuse paper. It is not yet nine o'clock, and the stationary room is not yet open, and I have not a sheet in my desk. Write me by Mason, on his return, all the particulars.

Truly, as ever, CARTER.

The following is from the Judge Advocate General to Conover, introducing Colonel Turner, sent by him on the business referred to in the preceding letter:

JUDGE HOLT TO SANFORD CONOVER.

WAR DEPARTMENT,
BUREAU OF MILITARY JUSTICE,
WASHINGTON, D. C., April 26, 1866.

Mr. Sanford Conover.

Dear Sir—This will be presented to you by Col. Turner, Judge Advocate, who will communicate with you fully in regard to the business which takes him to New York. The Judiciary Committee of the House of Representatives are anxious to secure at as early a day as possible the attendance of the witnesses named in a list in Colonel Turner's hands, and I write to request that you will at orce use all your efforts to secure that result. You probably know the whereabouts of most of them, and through your personal exertions, aided by others, may succeed in bringing these witnesses, or at least the greater part of them, before the committee. I saw Mr. Wilson this morning, who read me your letter, and it is at his instance that I write you, having no doubt but that, from the information you have and your past faithfulness, you will be both able and and willing to do, in the interest of truth and public justice, what is now required of you.

Very respectfully, your obedient servant,
J. HOLT, Judge Advocate General.

That the bearer of the above did communicate with Conover in regard to the business which took him to New York, and communicate more than it was easy or prudent to say by letter, there can be no doubt, but nevertheless Campbell, as the public are already aware, was pushed before the committee and retracted every word of what he had sworn for the Bureau of Military Justice.

The strategy by which Mr. Davis' friends managed to get Campbell before the committee after his avowed detection and threat to expose the radical plot may be explained in a few words. As soon as the apostacy of the wily perjury was discovered, extensive measures, as disclosed by the foregoing letters of "Carter" and the Judge Advcate General, were adopted to return to the told, when the reprobate pretended to repent his treacherous designs, and promised, in consideration of another large sum, to repeat before the committee what he had deposed to the Bureau of Military Justice, but no sooner was he ushered into the committee's august presence than he forgot his last promise to the conspirators and told the truth, and—need it be said—actually made Jack Rogers laugh.

The following letter from Conover to John Patten at Washington, another of the perjured witnesses, whom he had promoted to the rank of instructor of bogus witnesses, will show what be thought of Boutwell and Holt, and some of the other leaders in the conspiracy, and what he expected of Stanton in case of need:

S. CONOVER TO JOHN PATTEN.

EPHRATA MOUNTAIN HOUSE, June 8, '66.

My Dear Patten—Yours of the 6th was received this P. M. Your assurance that Thoma made a *faux pas* does not surprise me in the least, and you give him altogether too much credit when you say that he made a damned fool of himself, for nature did that over thirty years ago. But in all this I do not see sufficient cause for despondency. Cheer up, *nil desperandum*. Make Taber rehearse a dozen times a day, until he can play his part like a Kean, and with the two boys I have here, who are improving charmingly, we will more than make up for the loss of Campbell and Snevel. Still, it is provoking to remember what an ass Boutwell made of himself.

Had he suspended the examination of Campbell when he saw that he was damaging the case, or had Wilson been possessed of wit enough to adjourn the session, with directions to the witnesses to appear again next day, which Campbell would not have done, or had Holt, after the committee did adjourn, displayed his usual sharpness and firmness, and ordered the damned traitor to be quietly taken out of sight, all would have been well. In truth, all is well enough as it stands.

If Campbell don't keep himself shady Secretary Stanton will come down on him for his bounty jumping, numerous desertions and other military offences, which will enable the Secretary to place him where his tongue can do no harm and would soon cease to wag. He has been notified what to expect if he is not quiet, and I am sure we shall hear no more from him.

McGill is coming down in the morning, and will bear my letter. He will be able to give you the news more easily than I can write it.

Take the enclosed letter to Mr. Stevens as soon as possible. It is important that he should have it at once. I think his number is 279 South B street; but if not you must go to him at the Capitol.

I wrote the Judge yesterday. Should you be obliged to communicate with him again before I come down do so by note, as there is no doubt but Jeff's friends have spies around the Judge's office, and they might mark you.

Keep up good courage and attend to your pupil, and if we lose the game it will be through the stupidity of our friends or irresolution of our patrons and not through any fault of our own. If we are driven to "the last ditch" and publicly exposed, we may derive some consolation from the fact that several illustrious heads are as deep in the mud as we are in the mire, and will be obliged to share the obloquy with us.

You will see me within the week and need not write again unless something transpires rendering it absolutely necessary that I should hear from you.

Yours truly, S. CONOVER.

FULL RESTORATION OF HABEAS CORPUS.—A general impression prevails that the President will issue a proclamation revoking Mr. Lincoln's proclamation of September 15, 1863, which suspended the writ of *habeas corpus* in certain specified cases. It is generally supposed that the writ continues to be suspended until revoked by such proclamation. These opinions are erroneous. The peace proclamation issued on the 20th. instant declared that the rebellion was at an end, and that peace and civil authority now exist through the United States. This, by the terms of the act of March 3, 1863, and by the terms of Mr. Lincoln's proclamation above cited, restores the writ of *habeas corpus* in the United States except as to certain cases in which by act of Congress certain persons, contractors, etc., are liable to be tried by military tribunals; and it is questionable if the writ is not likewise suspended in this class of cases, as the constitutionality of the act authorizing the trial of these civilians by military courts has been doubted, and remains to be decided in the United States Supreme Court.—*New York Times (official).*

THE SENTINEL.

Tuesday Evening, Aug. 28, 1866.

CITY AND STATE ITEMS.

NEW ADVERTISEMENTS.—Fisk's Metallic Burial Cases: Henry J. Brown, Undertaker, Raleigh.

Brown & Cuyler, General Commission Merchants, 93 Beaver St., N. Y: Liberal advances made on consignments.

Jesse Brown (with Hart and Lewis) opens the Fall trade with a fine assortment of Hardware, Cutlery, &c., &c.

Edward Wheeler & Co., have moved back to their old stand, which has been put in A No. 1. order for their reception. They will soon announce their Fall and Winter supplies.

The Messrs. McKimmon are in receipt of a fine assortment of shoes.

WE HOPE that our citizens will not be behind those of other cities in their appreciation of Dr. Samson's popular Lectures. They are to be delivered in the Commons Hall, on Friday and Saturday evenings next, under the auspices of the Young Men's Christian Association, and the proceeds are to be applied to the relief of the poor of the community. The subject, as heretofore stated, will be his travels in the Holy Land, and the distinguished speaker's presentation of his theme is said to be intensely interesting and graphic.

COUNTY COURT.—The County Court of Wake consumed the whole of last week, pushing its session late into Saturday night. It was the heaviest week's work ever known in this County, we believe. All the officers of the Court worked well and promptly. We have not heard the number of indictments, but it was very large. Some one stated, in our hearing, that 800 witnesses were summoned, but we judge that this is an exaggeration. The business of the Freedmen occupied much of the time of the Court.

A County Workhouse was ordered by the Court, and Messrs. R. C. Badger, Q. Busbee, J. Q. Williams, Dr. W. I. Busbee, W. H. High, R. W. Wynne, W. D. Jones, W. H. Harrison, and H. A. Hodge, were appointed Directors. Mr. Wyatt J. Holleman was appointed Superintendent.

The Freedman who was indicted for killing Mr. Pescud's fine cow was found guilty and fined $50 and costs. We learn that the conviction was clear, and yet a strong sympathizer, and perhaps counsellor, of the Bureau, characterized the sentence as an unjust one, and as evidence that our N. C. Courts would not do justice to Freedmen. The facts, as we have heard them, made the offence a most aggravated one. The Freedman's fence was insufficient to prevent the cow reaching over her head and biting his corn. The cow, he knew, was the property of a kind neighbor, who would gladly have paid him any damages. The cow could not have been bought for $200, but for a trivial offence he kills her. Yet he is only fined $50 and costs, and it is thought to be *unjust* by a North Carolinian!

WE OBSERVE that our enterprising friend CREECH has just returned from the North, with a large stock of new and fashionable goods.

THERE IS NOT a day that numbers of disabled citizens, who lost limbs in the late struggle, may not be seen upon our streets. Their congregation here, to avail themselves of the merited munificence of the State in supplying them with artificial limbs, brings forcibly to mind again the horrors of the war, while, at the same time, their mutilated condition attests their own personal valor and heroism. May the day be far distant when we shall cease to have open hearts or open hands for them!

HON. A. H. JONES.—At a meeting in Henderson County, in this State, on the 18th inst., the Hon. A. H. Jones, among others, was appointed a delegate to the Convention which was to meet on the 25th inst., in Henderson, to appoint two delegates to the Traitors' Convention in Philadelphia on the 3rd. of September. We suppose that all doubt is now removed as to the political *status* of Mr. Jones.

L. S. GASH, Esq., of Henderson, has announced himself as a candidate for re-election to the State Senate fron the Buncombe District.

Dr. J. R. NESBIT, an old and respected citizen of Statesville, died, at the residence of his brother, in Iredell county, last week, after a short illness.

THOMAS WILSON, Esq., of Perquimans, is a candidate for the House of Commons in that County. An excellent representative.

ONE of the proprietors of the Petersburg Daily *Express* offers his interest in that paper for sale.

OUR FRIENDS, the Editors of the Goldsboro' *News*, return thanks to some kind friends in Greene Co., for a box of delicious hams. That is a kind of appreciation which Editors are not slow to acknowledge. We would be glad to exchange the *Sentinel* with any of our friends for hams at market rates.

COL. N. W. ARRINGTON is a candidate for the Senate in Nash County. No opposition.

D. M. Williams, Esq., is a candidate for the Commons from the same County.

A RAILROAD MADE TO PAY.—Fayette McMullen has just gained a verdict for six thousand dollars against the Virginia and Tennessee railroad for the burning of his house, caused by sparks from a locomotive.

Gen. Joseph E. Johnston was serenaded in Staunton on Thursday night by the "Stonewall" Band. Generals Ewell, Heth and Imboden were serenaded by the same band on Tuesday night. Gen. Ewell was too unwell to respond, but General Heth and Colonel Skinner returned their thanks.

General News.

ANOTHER DECLENSION.—The name of Mr. Jas. M. Wallace, of Leesburg, Va., was recently published as one of the delegates to the proposed Radical Convention to be held in Philadelphia next month. Mr. W., in a note to the Loudoun *Mirror*, states that his name has been used without his authority, and that he has no idea of taking part in any such convention. He adds: "I was in favor of settling our difficulties in the Union, but never had one drop of abolition blood in my veins, and am now unalterably opposed to negro suffrage in Virginia."

A Boston lady lately appeared at a Paris masquerade as "America." She reclined on a palanquin under palm trees, born by Indians and sailors. Her dress was of white tulle, over silver, decked with medallions, in colored satin, representing the different Southern Republics; the United States flag between her shoulders, and American birds of varied plumage perched on her shoulder, and nestling in the gold fringe of her robe.

Grape-grower Longworth was introduced, the other day, to poet Longfellow. Of the likeness of their names, the poet said: "Worth makes the man, the want of it the fellow."

The *Saturday Review* is guilty of gross adulation of Parson Brownlow when it calls him "a fanatical buffoon," "a phenomenon of indecency," and "a loud-mouthed ruffian."

The Mobile *Advertiser* says the body of a federal soldier has been digged up near there completely petrified. There are many bold federal soldiers living, but this one is certainly a *boulder*."

That was a provident and affectionate father who secured $5,000 policies in an accidental insurance company upon the lives of his seven small children, and sent the little darlings for a holiday excursion on a New Jersey Railroad.

Hon. Alexander H. Stephens has been engaged to deliver a lecture before the Young Men's Association of Chicago during its next course, and the Milwaukie people are discussing the advisability of inviting him to lecture in that city also.

SNOW.—Passengers by the Tennessee train report that there was snow in South-western Virginia, Thursday evening. Snow in August is an anomalous event. The weather turned suddenly cold here, and some persons had fires. —*Lynchburg Virginian*

The Radicals claim that General Grant was entrapped into being at the White House on the occasion of the President's speech. Poor generalship.

It is supposed Major-General Dix will be the conservative candidate for Governor of New York.

It is expected that five hundred students will be at Washington College, Virginia, next session. There will probably be more than a hundred students at the Virginia Military Institute.

Dr. Collins, author of a treatise on "Cholera and its cure," died of cholera in Cincinnati on Sunday.

D. Hostetter, Pittsburg, manufacturer of bitters, returns an income of $124,735—a monument to advertising.

Mrs. Arthony, of Brewerton, N. Y., drowned herself because her husband would not move into a new house.

The first bale of new cotton grown in Texas this year was received at Galveston on the 4th inst.

The Charleston (S. C.) custom-house, destroyed during the war, will be re-built, at a cost of $200,000.

The cholera has disappeared from Egypt, Syria and Palestine. It still prevails in South-eastern Russia.

Ninety unlicensed distilleries have been closed in Philadelphia, and others are to share a similar fate.

The quarantine at Havana is strictly enforced against all vessels from the United States.

In Kentucky laborers get twelve dollars a month, with rations, and in the tobacco districts twenty to thirty dollars.

The reports of the cotton crop in the country surrounding Memphis are very unfavorable.

Correspondence of the Baltimore Sun.

A Proclamation of General Amnesty.

WASHINGTON, Aug. 25.—The prospect is fair that a proclamation of general amnesty, which will embrace Jefferson Davis, will be issued before November next. It is a necessary sequence to the peace proclamation. Some of the exceptions in the previous amnesty have never been considered as important, and were always very easily removed upon application for pardon; as, for instance, the thirteenth exception. Persons worth nothing when the exception was made may be pardoned for having made twenty thousand dollars in the mean time.

GENERAL HOWARD.—It is reported that the President recently had an interview with General Howard, in which he laid before him some reliable accounts of abuses of the Freedmen's Bureau in the South, intimating to him, at the same time, that his resignation would be accepted. After retiring, the General informed a friend that he could not conscientiously resign! He feels that his services in preparing electioneering documents out of Southern fictions are indispensable to the Radicals. His "conscience" is very tender. We are apprehensive that the President will have to lead him to the door.—These gentlemen are thick-skinned, and don't take a hint readily.

No less than seven Generals from New York, in addition to those who originally signed the call, have requested to have their names affixed to it. Among these are Gens. Graham, Egan, Devan and Ferrero.

The First Dose Relieved.

Wm. Verrel, Esq., Matoaca, Va., says, "I was afflicted with the Liver complaint for two years, sometimes so bad that I could not lie upon my left side for one minute, nor could I walk but a short distance without stopping to rest. I tried several kinds of patent medicines but found no relief. I also tried the skill of the most eminent Physicians but still found no relief. I was at last induced to try your Pills [THE SOUTHERN HEPATIC PILLS,] and *from the first dose I found relief*, and continued to mend until I was *perfectly cured*. I am now a well man."

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that **Maggiel's Billious, Dyspeptic and Diarrhoea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

A New Era In Medicine

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMEITER,
Notary Public,
Wall Street, New York.

U. S.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Georick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonals

As this, but want of space compels me to conclude

AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers. Indeed for the whole class of diseases originating in biliary derangement caused by the Malaria of miasmatic countries.

FEVER and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. One Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by

THE SENTINEL.

WM. B. PELL, Proprietor.

A Gentleman Should be Recognized Wherever Found.

The following is from the pen of General D. H. Hill in the August number of *The Land We Love:*

We have been asked by a lady friend how we ought to treat "our late enemies." As her letter is without a signature, we suspect that there may be some tenderness in the inquiry, and will therefore deal tenderly with the subject.

It is a safe rule to recognize the gentleman and man of honor wherever found, of whatever creed, sect, or nation. We cannot understand how men, who have fought each other squarely and bravely, can continue to hate each other after hostilities have ceased. But we can understand how good men of both sides can loathe, with bitter loathing, house-burners, thieves, and marauders. We can understand the contempt honest men feel for the cowardly miscreants who kept out of the manly fight to trample upon and insult the weaker party after the fight was over. We would remind our lady friend that if the United States army had in it Sherman, Turchin and Butler, it had also McClellan, Buel, Reynolds, Sykes, Gibbon, Stone, Stoneman, Franklin, etc., who conducted war on civilized principles, and had no defilement of torches and silver spoons upon their hands. We have heard a story of that great statesman and jurist, Judge Butler, of South Carolina, which may assist the fair lady in coming to a decision. When the judge, then Mr. B. was practicing law, a son of the Emerald Isle came into his office and used some very harsh language, in regard to a charge made against him by the firm of Butler & Co. Mr. B. indignantly ordered him out of the office.—The man instantly obeyed, but returning, he put his head in the door and said: "Misther Butler, you're a jintlemin, and I will never hurt the likes of you, but if you'll send your partnership out here, I'll break ivery bone in his body." The Southern people have no ill-feelings towards the soldiers and true gentlemen among their late foes, but we can never think of "the partnership" without thinking of Judge Butler's Irishman.

The Savans on the Cable.

PARIS, August 7.—At the last sitting of the French Academy of Sciences, M. Babinet, the well known astronomer, delivered an opinion upon the longevity of trans-Atlantic telegraphic communication, as at present established, which, I hope, is peculiar to himself, and will be long disproved by experience. M. Babinet began by declaring that the cable would not last long, and that he hoped that, while it did last, it would be turned to useful account in one way at least, and that was, by ascertaining exactly the longitude of Newfoundland! He then went on to say that the cable of 1856, when examined, was found to have a breakage at every five yards by the effect of tension; and he thought the same thing would happen to the present one, either by tension or corrosion. The academician next exhibited a piece of a very thick cable which had lain for five years at the bottom of the channel, and which was completely eaten through by the action of salt water. He seemed to consider, also, that the danger of the cable being strained was far greater in the immense depths of the ocean than in the shallow waters of the British channel, in which, as he quaintly said, if you were to sink the towers of Notre Dame, they would still stand high enough for you to ring the bells.—*Correspondence National Intelligencer.*

THE NATIONAL UNION BUSINESS COLLEGE

WASHINGTON, D. C,

Offers superior advantages for a thorough Business Education.

The course of instruction embraces Commission, Importing, Jobbing, Retailing, Bank and other Bookkeeping, Commercial Law, Arithmetic, Correspondence, Spencerian Penmanship and Business Practice.

PENMANSHIP is taught by Henry C. Spencer, the leading author of this system, and celebrated as the Editor of the "Spencerian Key to Practical Penmanship," adopted by nearly all first class Colleges as the standard of criticism. Unusual facilities are here presented for acquiring this valuable art.

The system of "BUSINESS PRACTICE," originated and successfully taught by the Proprietor, receives his special attention. This is the most valuable part of the course. Here the student applies his theoretical knowledge. He buys and sells representative mdse, makes out notes, drafts, invoices, &c., deposits College money in the College Bank, and checks it out as his business requires. Becoming, in turn, Retailer, Wholesale, Forwarder, Banker, he soon acquires a knowledge of business forms, learns to compose and condense the history of every transaction and thinks for himself. He is thus prepared for actual business.

Full scholarship, good for review at any time, with Life Membership in this Union of Colleges extending to the principal cities, only $45. Books and stationery extra.

For circulars giving full information, for specimens of Penmanship, of the College currency and merchandise.

BUCKEYE SULKY PLOW.

Being impressed with the necessity, and importance of economy in farming, I am happy to have it in my power to furnish to farmers at manufacturers prices the BUCKEYE COTTON & CORN CULTIVATOR OR SULKEY PLOW.

It is certainly the greatest improvement of the age in agricultural implements.

It will, with two horses and one hand, cultivate as much land, and do it as well, as four horses and four hands in the usual way; and the plower can *either walk or ride* at pleasure; which enables old or decripped men, who cannot follow the common plow to execute the work as well as the most robust.

It is manufactured by R. Sinclair & Co., Baltimore, at $70, and is the cheapest plow in use, because of the great saving in hands, teams and provisions. For further information upon the subject, address,
